TO WHOMSOEVER IT MAY CONCERN.

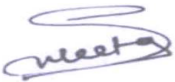

Q-SUN BO2 Lightfastness tester was installed at Testtex India Laboratories Pvt. Ltd., Jogeshwari ,Mumbai during September 2008.

It is working quite satisfactory and gives reliable and reproducible results.

It is a user friendly , economical , easy to calibrate machine and it does not need expensive maintenance.

It has provision to programme for various International as well as Indian Standards.

After sale service provided by the principal and the agent in India is satisfactory.

Mrs. Meeta Shingala

Managing Director
